Session of Court.

The Henrico Circuit Court was engaged yesterday in the trial of Robert Jackson, colored, charged with having broken into the house of Mr. Holloway, in Barton Heights, and stolen a lot of tools and a pair of old shoes. The articles were missed on January 29th, and were later found on Jackson's premises. The jury brought in a verdict of petty larceny, and Jackson wes sentenced to fifteen days in jail and a fine of \$25.

of the Covenant,

of the Covenant,

Te annual meeting of the Church of
the Covenant was held Jast night in the
chapel at Park Avenue and Harrison
Street. The session was one of unusual
interest to the congregation, and there
was a large attendance of the members and their friends. Careful attention was given to the reading of
the reports which showed that the
church had made substantial progress
during the past year. A general advance in all the departments of the
church's work was indicated and, although the congregation has been engaged in building a handsome new
structure, yet no retrenchment has been
made in the gifts to mission causes
established by the General Assembly.

made in the gifts to mission causes established by the General Assembly.

Go to Foreign Field.

The pastor, Rev. J. Calvin Stewart, D. D., presided, and read a letter from the secretary of the Committee on Foreign Missions, expressing gratitude for the increase in the church's contribution to that cause.

The whole heart of the church has been gladdened by the fact that two of the young ladles of the congregation will go to the foreign field. One of these ladies will probably leave in June and the other a little later.

The reading of the reports was interspersed with beautiful music, and at the close of the businessy session refreshments were served, and a pleasant time was spent in social intercourse. The anniverary marks the close of the nincteenth year of the pastorate of Dr. Stewart, and the people now enter upon their twentieth year of joint work in a most united and heartry manner.

Facts About Dairy Feeds.

About three years ago MUELLER'S MOLASSES FEED—the great Milk Producer—was introduced on this mar-ket, and some said it would sell for a month or two, and then die a natural death.

Well, surprises are the order of the day, and it did not take long to demonstrate that it was the right feed or the right purpose—producing milke and withal, at a very reasonable price, Some who predicted its downfall are now glad to handle it, and most dairymen know its value, and have stopped accepting substitutes and feeds claimed to be "just as good."

Note the analysis of Mueller's Mo-lasses Feed-22.54 per cent. protein and fat—and compare it to other feeds costing oven less money, and you will readily see a saving of from \$3.00 to \$5.00 per ten.

As to results, ask the dairymen, or call by our office and read the testi-monials.
